

Observing
**International
Mother Earth Day**
22 April 2021

Webinar on
“How to Restore Our Earth”

Organised by
Faculty Committee for Swachhata
Action Plan

Kharagpur College
(A Swachhata Action Plan
Institution Recognised by MHRD)

Friends,

As you all know, our environment is facing attack and degrading everyday by us, the humans, thereby endangering the human race on the planet.

Earth Day is an annual event on April 22 to demonstrate support for protection to environmental. First held on April 22, 1970, it now includes a wide range of events coordinated globally by the official organisation EARTHDAY.ORG and also spontaneously organized by millions of environment activists and organisations across the globe.

The **Earth Day 2021** theme is “**Restore Our Earth**”. Climate change, crimes against nature, that disrupt biodiversity, such as deforestation, large scale intensified agriculture and livestock production ventures by clearing forests or the growing illegal wildlife trade, can increase contact of wild animals with humans and the transmission of infectious diseases from animals to humans (zoonotic diseases) like COVID-19.

To observe the Earth Day 2021, the Faculty Committee for Swachhata Action Plan (SAP), Kharagpur College, an MHRD recognized SAP Institution, is going to organise a webinar on “**How to Restore Our Earth**” on **22 April 2021, at 2-00 pm**, using Google Meet platform. We cordially invite all the students, teachers, teaching and non-teaching staff and all the stake holders of Kharagpur College to join the webinar. Please join the webinar through the link: <https://meet.google.com/vcp-wvte-fcv>

Prof. Debasish Aich Dr. Bidyut Samanta Prof. Anjan Kumar Chaki
Convener Chairman Chief Patron
