The principal
Kharagpur College.

The Government of India offers prestigious Prime Minister's Research Fellowship (PMRF) aimed to attract highly talented students of the country to Ph.D. programs of premier educational institutions including Indian Institute of Technology, Indian Institute of Science, Indian Institute of Science Education and Research, etc. for carrying out cutting edge research in various areas of science and engineering and to promote technology development through innovation. The PMRF scholars are required to teach and share their knowledge with the budding minds of the neighbourhood educational institutions like ITI/Polytechnic/College/University as per the government guidelines (weekly once, 24 hours per semester). IIT Kharagpur has over 190 PMRF scholars and they would like to teach and interact with the students of your institution. We are sure that such knowledge sharing would mutually benefit the students of your institution and our scholars. PMRF scholars of our institute will approach you for teaching and sharing their knowledge. They may be allowed according to the mutual convenience. Their involvement in the teaching may be certified according to the enclosed format in institutional/departmental letterhead.

It may be noted that there will not be any financial involvement from your institute in this regard.

Your support is highly appreciated.
