Report

The Women Cell, Kharagpur College organized a seminar on "Women Empowerment Both from Mental and physical Point of View" on 1.3.2019, from 11.30 AM to 2.30 PM. The inaugural speech was delivered by Dr. Bidyut Samanta, Principal, Kharagpur College. Dr. Jyotirmay Pramanik, IQAC Coordinator, Kharagpur College delivered a formal speech. The seminar aimed to focus on the necessity of Women Empowerment that encompassed diverse dimensions, including mental and physical health. The theme of the event was delivered by Prof. Poulami Talukdar. She introduced two speakers of this seminar—Prof. Uditā Bhattacharya and Prof. Sukla Saha Mandal with the audience.

Prof. Uditā Bhattacharya delivered an insightful lecture, exploring how women's empowerment and mental health were deeply entwined. Prof. Sukla Saha Mandal's speech focused on physical health which enabled the women to prioritize their well-being, overall quality of life and pursue their goal with vigor and confidence. However, both of them addressed the issues of gender equality, economic opportunities and the need of providing education to the women.

All the members of the Women Cell and students participated in the seminar and without their support it was not possible to conduct this event. Prof. Kuheli Pramanik conveyed the vote of thanks. This seminar concluded with the note that empowering women in both realms could foster their well-being and contribute to more equitable societies.
