The college has always been trying to make the students and its stake holders aware of the intellectual property right. A number of online and offline seminars, workshops etc. have been organized by the college.

Kharagpur College has an Entrepreneur Development Cell consisting of entrepreneurs, members from different local industries, District Chamber of Commerce & Industries and a few teacher members, that foster and support innovation and dynamic entrepreneurs. The cell periodically motivates the students of the college towards self-employment, and after preliminary screening by the internal members the, interested students are sent to the members from the EDC of District chamber of Commerce and Industries for further assistance regarding the scheme, financial assistance etc. To extend further opportunities to the students, Kharagpur College has created a link with the Science and Technology Entrepreneurs' Park (STEP) of IIT Kharagpur and MSME. Students participated in different activities at the IIT and received motivational information from there. The ED cell arranged a visit of the students to the District Trade fair held in Kharagpur College ground, where the students met the entrepreneurs coming from different corners of the district and beyond. The struggle and success of the entrepreneurs inspired some students towards becoming future entrepreneur.

The college intends to incubate young talents beyond their conventional studies. Students are encouraged to explore their talents in paintings, toy making, handicrafts, preparing delicious dishes etc through several competitions, exhibitions, Campus Bazar etc. They are awarded with prize, medals etc. In campus bazar, students, teachers, staff visit the stalls given by the students and purchase the items. In order to nurture the talent, the college authority buys many items from the students, and if found suitable, the students are asked to train or guide a few students who have special interest in that area who in turn get the opportunity in the next campus bazar to sale their products/items. The college authority has started the practice of purchasing selected items from the campus bazar, which are used as gifts to special guests & resource persons coming to the college for different academic and administrative purpose. This practice has created huge response among the students. So far, campus Bazar has been organized twice by the Kharagpur College in collaboration with the MGNCRE on 21.03.2023 & 15.05.2023.

Dear Prof. Bidyut Samanta,

Congratulations!

You have successfully registered 3853 students in total from your college on Internshala. Now every one of them has their own Internshala account through which they can apply to internships.

As a next step, **please ask your students to verify their registered accounts** by clicking on the verification link sent to their email ids. Only after verifying, the students will be able to apply to the internships of their choice and receive weekly internship updates.

Also, here are a few things you can do to make the most of your college's journey on Internshala:

- **Keep track of your students** - [Log in to your student activity dashboard](#) and view the overall report of your students' internship selections and registrations.
- **Share the quick-start guide** - To help your students make their first internship application on Internshala, we recommend checking out our [quick-start guide](#) and sharing it with your students.
- **Help students secure internships** - Check out the [preparation kit](#) which has a bunch of useful information for your students to help them successfully secure an internship.

Please let me know if you have any questions.
